Information about the proposed Merger

Background to and reasons for the Merger

The current investment manager of the Merging Fund will be resigning from their role with effect from 14 November 2023. This has prompted a strategic review of the Merging Fund following which we have concluded that it would be in the best interests of shareholders of the Merging Fund to merge with the Receiving Fund. As well as simplifying and consolidating the equity income funds in our range, we believe that the proposed Merger will benefit shareholders of the Merging Fund in the following ways:

- Better performance.

The Receiving Fund has consistently outperformed the Merging Fund. The Receiving Fund has outperformed the Merging Fund in each of the last five calendar years by between 3.1% and 8.0%. As at 30 June 2023, the Receiving Fund is in the top performance quartile of the IA UK Equity Income sector over five years, while the Merging Fund is in the third performance quartile. We believe that investors will benefit from the better performance of the Receiving Fund. See the below table comparing performance for the funds over the last five years. Please note, past performance does not guarantee future performance.

Fund	Share class	Calendar Year Performance %				
		2018	2019	2020	2021	2022
Merging Fund	Institutional Shares (Income) W	-11.4	14.21	-16.67	12.99	6.4
Receiving Fund	Institutional Shares (Income) W	-6.7	20.34	-8.72	16.36	9.47

Source for all performance: Lipper as at 5 July 2023. Fund Performance for the Institutional Shares W (Income) calculated as total return, including reinvested income net of UK tax and charges, based on net asset value. All figures are in GBP terms. Further information is available upon request.

The Merging Fund has experienced a decline in size over a number of years. We therefore consider that investors will benefit from moving to shares in the Receiving Fund which has not experienced the same decline in size.

- Economies of scale.

By bringing the two funds together, we believe that the overall fixed costs to investors will reduce due to the economies of scale and efficiencies that can be obtained from the management of a larger, combined fund which has greater prospects for continuing to grow assets under management. As at 30 June 2023, the Merging Fund has approximately £66.77 million of assets under management, compared to £1,293.25 million of assets under management for the Receiving Fund.

- Better value.

In our 2022 annual assessments of value, the Receiving Fund has rated 'green' across all criteria (meaning it has provided good value to investors over the assessment period). The Merging Fund

rated 'amber' on the performance criteria (meaning it met some but not all of its performance objectives over the assessment period), though rated 'green' overall.

As such, the Receiving Fund is expected to provide better value to investors than the Merging Fund.

Comparison of the two funds: similarities and differences

A table comparing some of the main features of the Merging Fund and the Receiving Fund is set out on pages 14 to 17, including their respective investment objectives and policies, as well as other important details. We have enclosed the key investor information document of the Receiving Fund and recommend that investors read this in conjunction with this circular.

For the most part, the characteristics of the Merging Fund and the Receiving Fund portfolios are similar. In particular, the two funds have the following key similarities:

- Actively-managed UK equity strategy: Both funds are actively managed and invest in a portfolio of shares in UK companies. Whilst the investment policy of the Receiving Fund states that it invests at least 70% of its portfolio in the shares of UK listed companies, in practice the Receiving Fund also invests at least 80% (as is the case for the Merging Fund). Both funds may also invest in collective investment schemes, money market instruments, deposits, cash and near cash.
- Comparator benchmark for performance: The performance of both funds can be compared against the FTSE All-Share TR Index. The funds do not have a target benchmark.
- Level of risk and reward: Both funds are in category '6' on the scale of risk and reward because their historical values have shown relatively high volatility. This means the funds have a relatively high risk of losing money but your chance for gains is also relatively high.
- Accounting dates: Both funds have the same annual and interim accounting dates (30 June (Final) and 31 December (Interim)).
- Use of derivatives: Both funds may use derivatives for the purposes of efficient portfolio management (including hedging). 'Efficient portfolio management' (or 'EPM') means investing in derivatives with the aim of reducing risk or costs for the fund or with the aim of generating additional capital or income without impacting the overall risk profile of the fund. However, the Merging Fund has used derivatives more extensively (but within the parameters of EPM) with the aim of generating additional income due to its monthly distribution cycle.
- Limits on global exposure: This refers to the limit on the exposure or leverage generated by a fund through the use of financial derivatives instruments or the market risk of the fund. Global exposure can be calculated using either the 'commitment approach' (which takes into account the exposure of a fund to derivative instruments) or the 'value at risk' approach (which measures the maximum expected loss at a given confidence level over a specified time period due to market risk). The global exposure of both the Merging Fund and Receiving Fund is calculated using the 'commitment approach'. As such, the maximum level of leverage for the Merging Fund and Receiving Fund is limited to 100% of its net asset value.

However, despite the similarities between the two funds as outlined above, there are also some important key differences between them, which we have highlighted below:

- Focus on capital growth: Both Funds aim to provide income with an element of capital growth. However, the Merging Fund has an investment strategy which is mostly focused on providing income and otherwise providing the potential for capital growth, which can restrict potential capital gains in a rising market, whereas the Receiving Fund has an investment strategy which is equally focused on providing income and delivering capital growth, but may therefore forego income

generating opportunities. See the below table comparing income generated for the funds over the last five years. Please note, past performance does not guarantee future performance

Fund	Share class	Income generated %				
		31/12/2018	31/12/2019	31/12/2020	31/12/2021	31/12/2022
Merging Fund	Institutional Shares W (Income)	8.8	7.2	6.8	6.1	6.1
Receiving Fund	Institutional Shares W (Income)	4.4	4.4	3.9	4	3.7

Historic income yield figures are calculated on the basis of dividing the total dividends paid by the fund over the 12 months prior to a given date by the fund's price at that given date. Historic yields are shown on a net basis, do not include the impact of any initial charge and investors may be subject to tax on distributions. Historic income yields are not indicative of future income yields.

- **Charges:** The annual management charge ("**AMC**") and ongoing charge figure ("**OCF**") payable on the 'launched' share classes in the Receiving Fund are lower than that payable on the equivalent share classes in the Merging Fund, as shown in the table below.

Merging Fund			Receiving Fund		
Share class	AMC	OCF	Share class	AMC	OCF
Sterling Income Shares	1.50%	1.64%	Sterling Income Shares	1.50%	1.61%
Sterling Accumulation Shares	1.50%	1.64%	Sterling Accumulation Shares	1.50%	1.61%
Institutional Shares W (Accumulation)	0.75%	0.82%	Institutional Shares W (Accumulation)	0.75%	0.79%
Institutional Shares W (Income)	0.75%	0.82%	Institutional Shares W (Income)	0.75%	0.79%
B Shares (Accumulation)	0.85%	0.97%	B Shares (Accumulation)	0.85%	0.94%
B Shares (Income)	0.85%	0.97%	B Shares (Income)	0.85%	0.94%

- **Derivatives strategy:** The Merging Fund uses a derivatives strategy as allowable under EPM to generate additional income as part of the investment strategy. While the Receiving Fund may also use derivatives in this way, such use does not currently form part of the investment strategy.

- Income allocation dates: The Merging Fund currently makes monthly income allocations. The Receiving Fund makes quarterly income allocations. This means that if you participate in the Merger and you hold income shares, you will be merged into a fund that pays income less frequently (on a quarterly basis) in comparison to the Merging Fund which pays income more frequently (on a monthly basis).
- Investment manager: the investment manager of the Merging Fund is Insight Investment Management (Global) Limited, and the investment manager of the Receiving Fund is Newton Investment Management Limited. Both investment managers are FCA regulated and considered leaders in their investment strategies, as summarised below:
 - Insight Investment Management (Global) Limited is a private limited company incorporated under the laws of England and Wales. It is regulated by the FCA in the UK. Insight Investment Management (Global) Limited is a subsidiary of Insight Investment Management Limited which is a wholly owned subsidiary of The Bank of New York Mellon Corporation. Insight Investment Management (Global) Limited was established in 2002 and is a leader in Global Fixed Income, Risk Management Solutions and Absolute Return investing.
 - Newton Investment Management Limited, is regulated in the United Kingdom by the FCA. Newton Investment Management Limited provides discretionary investment management services to institutional clients which include a wide range of institutional, charity and retail funds. Newton Investment Management Limited is a wholly owned subsidiary of Newton Management Limited, which is ultimately a wholly owned subsidiary of The Bank of New York Mellon Corporation. Newton Investment Management Limited was established in 1978 and is a leader in Active equities, Income, Absolute Return, Multi-asset solutions, Thematic and Sustainable strategies.

How the Merger will work

We propose that the Merger be implemented by way of a process known as a scheme of arrangement (referred to in this document as the “**Scheme**”). The Scheme (and, therefore, the Merger) can only proceed if it is first approved by an Extraordinary Resolution of shareholders passed at a shareholder meeting.

Under the Scheme, the assets of the Merging Fund will be transferred to, and become assets of, the Receiving Fund.

There is a degree of commonality between the equity holdings of the Merging Fund and Receiving Fund of approximately 31%. As such, if the Merger is approved, it is intended that these investments will be transferred in specie to the Receiving Fund. The remaining assets of the Merging Fund will be liquidated before the Merger and the Merging Fund will transfer that cash or other liquid assets to the Receiving Fund pursuant to the Merger. To facilitate this, Shareholders should note that the investment manager may proceed to move positions in the Merging Fund to cash or other liquid assets, or otherwise transfer the common holdings in specie, following the shareholder meeting to facilitate the Merger if approved. In exchange, shareholders of the Merging Fund will receive new shares in, and become shareholders of, the Receiving Fund, and will then have their shares in the Merging Fund cancelled. No initial charge will be applied on the issue of the new shares in the Receiving Fund, and no redemption charge will be applied on the cancellation of shares in the Merging Fund.

The value of each shareholder's shareholding in the Receiving Fund, immediately after the Merger, will be the same as the value of the shareholder's shareholding in the Merging Fund immediately before the Merger and will (if necessary) be rounded up to the nearest thousandth at the expense of the ACD. However, the number of shares held in the Receiving Fund may be different to the number of shares currently held by the shareholder in the Merging Fund. Once the Merger has completed, shareholders may deal the shares they receive in the Receiving Fund pursuant to the Merger and the Merging Fund will be wound up.

For full details of the Merger, please read the common draft terms of merger which are set out on pages 18 to 22 and will govern the Merger.

If the Merger is approved

If the Extraordinary Resolution is passed, the Scheme (and, therefore, the Merger) will be binding on all shareholders, even those that voted against it or did not vote at all.

Shareholders who do not wish to participate in the Merger and receive shares in the Receiving Fund will be able to redeem their shares in the Merging Fund or purchase shares in another fund managed by the ACD at any time **before 11:59 am on Thursday 5 October 2023**. No charges will apply to the redemption of shares in the Merging Fund. Please contact the client service team for information about any of the other funds managed by the ACD that are available for investment.

Shareholders should be aware that they will have no cancellation rights with respect to any new shares in the Receiving Fund issued under the Scheme.

If the Merger is not approved

If the Extraordinary Resolution is not passed, the Scheme (and, therefore, the Merger) will not proceed and we will seek to wind up the Merging Fund as we consider this to be in the best interests of investors. We will write to you again giving 30 days' notice of the closure of the Merging Fund. We will also post this notice on the BNY Mellon website at www.bnymellonim.com/EIB.

Treatment of income

In order to simplify the process for the Scheme, an additional interim accounting date ending at 11:59 pm on the day before the Effective Date will be introduced in respect of the Merging Fund.

For accumulation shares of the Merging Fund, any income available for allocation from the end of the previous accounting period to 11:59 pm on the day before the Effective Date will be transferred to the capital in respect of accumulation shares or income account in respect of income shares of the Merging Fund, as appropriate and will be reflected in the value of new shares issued to holders of shares in the Merging Fund.

For income shares of the Merging Fund, any income available for distribution from the end of the previous accounting period to 11:59 pm on the day before the Effective Date will be transferred to the distribution account of the Merging Fund as appropriate and will be distributed to holders of income shares of the Merging Fund within two months. Where the reinvestment option applies to such income, the income will be reinvested through the purchase of further new shares in the Receiving Fund.

Tax consequences

Based on our understanding of current UK tax legislation and the tax clearances that have been obtained with respect to the Scheme from HMRC, the Scheme should not involve a disposal of shares for capital gains tax purposes, regardless the size of any given shareholding. The new shares in the Receiving Fund issued to shareholders under the Scheme should therefore have the same acquisition cost and acquisition date, for capital gains tax purposes, as the shares currently held by shareholders in the Merging Fund.

We have also obtained clearance from HMRC that no notices which provide for the cancellation of tax advantages of certain transactions in securities ought to be given in respect of the Scheme. The receipt of new shares should not therefore fall to be regarded, by virtue of these sections, as if it were an income receipt for the purposes of UK taxation.

It is also our understanding that no stamp duty reserve tax (SDRT) or foreign transfer taxes should be payable with respect to the transfer of the assets from the Merging Fund to the Receiving Fund under the Scheme. However, if any SDRT or foreign transfer tax should be payable, it will be borne by the ACD.

Details of the tax clearances obtained from HMRC are provided on page 23.

Important: This summary of the tax consequences of the Scheme is intended only as a general and non-exhaustive guide to the effect of the proposed Scheme on the tax position of shareholders who are

tax resident in the UK and who hold shares in the Merging Fund as beneficial owners for investment purposes (and not as securities to be realised in the course of a trade) and may not apply to other shareholders. This summary reflects our understanding of current UK legislation and HMRC practice and is subject to change; it does not constitute advice and should not be relied upon by shareholders. If you are in any doubt about your potential liability to tax you should seek professional advice.

Costs

All costs and expenses incurred in connection with the Scheme will be borne by the ACD. This includes the costs and expenses of convening and holding the shareholder meeting (and any adjourned meeting), the fees and expenses of legal and other professional advisers and the costs associated with the subsequent termination of the Merging Fund, including associated dealing costs.

Information about the shareholder meeting

Information about the shareholder meeting, and the procedure to be followed at the meeting, is set out on page 24. The notice convening the meeting (which includes the text of the Extraordinary Resolution to be proposed at the meeting) is set out on page 26.

- Shareholders wishing to attend and vote at the meeting by proxy will find enclosed a Form of Proxy (together with notes explaining how the form should be completed and submitted).
- Shareholders who hold their shares in the Merging Fund through a BNY Mellon ISA will find enclosed a Form of Direction to instruct the BNY ISA Plan Manager who holds your shares how you wish to vote in relation to the Merger (together with notes explaining how the form should be completed and submitted).
- **If you invest in the Merging Fund via a third party intermediary/platform or Third Party ISA Plan Manager, you are not entitled to attend and vote at the meeting and should not complete a Form of Proxy / Direction. You should instead contact the relevant intermediary/platform or Third Party ISA Plan Manager for details on how to place your vote.**

Result of the vote

Details of the outcome of the vote will be available at www.bnymellonim.com/EIB shortly after the meeting.

Scheme of arrangement

Common draft terms of merger

These terms will apply to, and govern, the Merger. The Merger will be implemented by way of a process known as a scheme of arrangement (referred to in this document as the “**Scheme**”). In broad terms, the effect of the Scheme will be to transfer the assets of the Merging Fund to the Receiving Fund. In exchange, shareholders of the Merging Fund will receive new shares in, and become shareholders of, the Receiving Fund, and will then have their shares in the Merging Fund cancelled. These terms set out the details of how the Scheme will work; please read them carefully.

1 Definitions and interpretation

- 1.1 The definitions in the Glossary apply in these terms.
- 1.2 References to paragraphs are to paragraphs of these terms. References to “shares issued under the Scheme”, “shares to be issued under the Scheme” or similar expressions are to shares issued (or to be issued, as the case may be) under paragraph 8.1.2.
- 1.3 If there is any conflict between these terms and the Merging Fund’s Instrument of Incorporation and/or Prospectus, these terms prevail. If there is any conflict between these terms and the FCA Rules, the FCA Rules prevail.

2 General

- 2.1 The Merger is a domestic UCITS merger.
- 2.2 The background and rationale for the Merger is set out in the section above: “*Information about the proposed Merger*”. That section also contains information on the expected impact of the proposed Merger on investors of the Merging Fund alongside the section “*Comparison of the main features of the two funds*”. It is expected that the proposed Merger will not have a material effect on investors in the Receiving Fund.
- 2.3 The planned effective date for the Merger is Saturday 7 October 2023 (the “**Effective Date**”).

3 Shareholder approval required

For the Scheme (and, therefore, the Merger) to proceed, shareholders of the Merging Fund must first pass an Extraordinary Resolution to approve the Scheme and to authorise the ACD and the Depositary to implement the Scheme.

4 Scheme to be binding on all shareholders

If the Extraordinary Resolution referred to in paragraph 3 is passed, the Scheme will be binding on all shareholders of the Merging Fund – whether or not they voted in favour of it, or voted at all – and the Scheme will be implemented as set out in these terms.

5 End of dealing in the Merging Fund

To facilitate the implementation of the Scheme, dealings in shares of the Merging Fund will cease at 11:59 am on Thursday 5 October 2023.

6 Treatment of income allocated to shares in the Merging Fund

- 6.1 In order to simplify the process for the Merger, an additional interim accounting date ending at 11:59pm on the day before the Effective Date will be introduced in respect of the Merging Fund.
- 6.2 For accumulation shares of the Merging Fund, any income available for allocation from the end of the previous accounting period to 11:59pm on the day before the Effective Date will be

transferred to the capital account of the Merging Fund, as appropriate and will be reflected in the value of new shares in the Receiving Fund issued to holders of accumulation shares in the Merging Fund.

6.3 For income shares of the Merging Fund, any income available for distribution from the end of the previous accounting period to 11:59pm on the day before the Effective Date will be transferred to the distribution account of the Merging Fund as appropriate and will be distributed to holders of income shares of the Merging Fund within two months. Where the reinvestment option applies to such income, the income will be reinvested through the purchase of further new shares in the Receiving Fund.

6.4 The first distribution by the Receiving Fund after the Effective Date will be in respect of the period from the Effective Date to 31 December 2023 (with the distribution paid in accordance with the prospectus of the Receiving Fund) and it will include an amount of income equalisation for any additional shares issued (other than under the Scheme) during this period which will be treated as a return of capital for tax purposes.

7 Valuations for the purposes of the Merger

7.1 The ACD shall determine the value of the Merging Fund based on the value as at 12 noon on Friday 6 October 2023, in accordance with the Instrument of Incorporation and the FCA Rules, and shall then deduct the Retained Amount.

7.2 The ACD shall determine the value of the Receiving Fund based on the value as at 12 noon on Friday 6 October 2023, in accordance with the Receiving Fund's Instrument of Incorporation and the FCA Rules.

7.3 The valuations determined under this paragraph 7.3 shall then be used to calculate the number of shares to be issued under the Scheme.

8 Merger: transfer of assets and issue of new shares

8.1 On and from 12:01 am on the Effective Date:

8.1.1 the Transferred Property will cease to be scheme property of the Merging Fund and will become scheme property of the Receiving Fund, in accordance with paragraph 8.2;

8.1.2 the ACD will issue new shares in the Receiving Fund to shareholders of the Merging Fund) on the basis set out in paragraph 9; and

8.1.3 all shares in the Merging Fund will be cancelled and will cease to be of any value.

8.2 The transfer of ownership of the Transferred Property will be effected by the Depositary ceasing to hold the Transferred Property as Depositary of the Merging Fund, and instead holding the Transferred Property as Depositary of the Receiving Fund, free and discharged from the terms of the Instrument of Incorporation. The Depositary will make (or ensure the making of) such transfers and re-designations as may be necessary to reflect this transfer of ownership from the Merging Fund to the Receiving Fund.

8.3 The Transferred Property will constitute full payment for the shares issued under the Scheme, and the shareholders of the Merging Fund will be treated as exchanging their shares in the Merging Fund for shares in the Receiving Fund.

9 Basis on which new shares will be issued

9.1 The class of shares to be issued under the Scheme to shareholders of the Merging Fund will be determined in accordance with the following table:

Class of shares held in the Merging Fund		Class of new shares to be issued in the Receiving Fund
Sterling Income Shares	►	Sterling Income Shares
Sterling Accumulation Shares	►	Sterling Accumulation Shares
Institutional Shares W (Accumulation)	►	Institutional Shares W (Accumulation)
Institutional Shares W (Income)	►	Institutional Shares W (Income)
B Shares (Accumulation)	►	B Shares (Accumulation)
B Shares (Income)	►	B Shares (Income)

9.2 The number of shares to be issued under the Scheme to each shareholder will be determined by the price of shares in the Receiving Fund on the Effective Date.

9.3 The formula used to calculate the number of new shares to be issued under the Scheme to each shareholder is available on request from the ACD.

9.4 The number of new shares to be issued under the Scheme to each shareholder will (if necessary) be rounded up to the nearest thousandth at the expense of the ACD.

9.5 The value of each shareholder's shareholding in the Receiving Fund, immediately after the Merger, will be the same as the value of the shareholder's shareholding in the Merging Fund immediately before the Merger. However, the number of shares held in the Receiving Fund may be different to the number of shares currently held by the shareholder in the Merging Fund.

10 Notification of new shares issued under the Scheme

10.1 The ACD shall notify each shareholder (or shall cause each shareholder to be notified) of the number and class of shares issued under the Scheme to that shareholder. This information is available immediately from the client service team after the Effective Date but the notification is expected to be despatched within ten days of the Effective Date and shall be sent by post to the address listed for that shareholder in the Merging Fund's register of shareholders (or, in the case of joint shareholders, to the address of the first-named shareholder).

10.2 Certificates will not be issued in respect of shares issued under the Scheme.

10.3 Transfers or redemptions of shares issued under the Scheme may be effected from the business day immediately following the Effective Date, in accordance with the current Prospectus.

11 Mandates and other instructions

Any mandates and other instructions to the ACD in force on the Effective Date in respect of shares in the Merging Fund will be deemed to be effective mandates and instructions in respect of shares issued under the Scheme.

12 Termination of the Merging Fund

12.1 Following the Effective Date and the implementation of the Merger, the ACD will proceed to terminate the Merging Fund, in accordance with the FCA Rules.

12.2 The Retained Amount (plus any income arising thereon) shall continue to be held by the Depositary as scheme property of the Merging Fund, and may be used by the Depositary to pay any outstanding liabilities of the Merging Fund in accordance with the FCA Rules, the Instrument of Incorporation, the Prospectus and these terms.

- 12.3 Any surplus monies remaining in the Merging Fund on completion of termination (plus any income arising thereon), shall be transferred to the Receiving Fund. No further issue of shares in the Receiving Fund shall be made as a result. The Depositary shall make such transfers and re-designations as may be necessary as a result.
- 12.4 If the Retained Amount (plus any income arising thereon) is insufficient to discharge all the liabilities of the Merging Fund, the Depositary shall, where permitted under the FCA Rules, pay the amount of the shortfall out of the scheme property of the Receiving Fund, but only if the ACD is of the opinion that proper provision was made for meeting such liabilities as were known or could reasonably have been anticipated at the Effective Date. Otherwise any such shortfall shall be discharged by the ACD.
- 12.5 On completion of termination, the ACD and the Depositary shall be discharged from all their obligations and liabilities in respect of the Merging Fund, except those arising from a breach of duty before that time.
- 13 Charges and expenses**
- 13.1 The ACD and the Depositary will continue to be paid their usual fees and expenses out of the scheme property of the Merging Fund for acting as ACD and Depositary, respectively, of BNY Mellon Investment Funds until the Effective Date and, in the case of expenses properly incurred in connection with the termination of the Merging Fund in accordance with the Scheme, after the Effective Date.
- 13.2 Subject to paragraph 13.3, all costs and expenses relating to the Scheme and the subsequent termination of the Merging Fund will be borne by the ACD. These include legal and printing costs, and the costs of preparing and implementing the Merger on the terms of the Scheme.
- 13.3 If the Extraordinary Resolution referred to in paragraph 3 is passed, the ACD will seek to liquidate the portfolio of the Merging Fund and the cash proceeds will be invested by the Receiving Fund. The dealing costs associated with the Scheme will be borne by the ACD.
- 13.4 The ACD shall not be entitled to receive any preliminary charge in respect of any shares issued under the Scheme, nor shall it be entitled to levy any redemption charge on the cancellation of shares in the Merging Fund under paragraph 8.1.3.
- 14 Reliance on register and certificates**
- 14.1 The ACD and the Depositary shall each be entitled to assume that all information contained in the register of shareholders in the Merging Fund on and immediately prior to the Effective Date is correct, and to use the same in calculating the number of shares to be issued under the Scheme.
- 14.2 The ACD and Depositary may each act and rely upon any certificate, opinion, evidence or information furnished to it by the other or by its respective professional advisers or by the auditors of the Merging Fund in connection with the Scheme and shall not be liable or responsible for any resulting loss.
- 15 Alterations to the Scheme**
- 15.1 The ACD and the Depositary may decide to change the Effective Date of the Scheme. If they do so decide, they may agree to make such further consequential adjustments to the Scheme timetable as they consider appropriate.
- 15.2 The ACD and the Depositary may agree to amend these terms at any time before the Effective Date.

16 **Governing law and jurisdiction**

The Scheme and these terms shall in all respects be governed by and construed in accordance with the laws of England and shall be subject to the exclusive jurisdiction of the English courts.

Consents, clearances and documents for inspection

ACD	BNY Mellon Fund Managers Limited, as ACD of BNY Mellon Investment Funds, confirms that, in its opinion, the receipt of property under the Scheme by the Receiving Fund is not likely to result in any material prejudice to the interests of shareholders in the Receiving Fund, is consistent with the objectives of the Receiving Fund and can be effected without any breach of a rule in COLL 5 (<i>Investment and borrowing powers</i>) of the FCA Rules.
Depository	The Depository has informed the ACD by letter that, while expressing no opinion as to the merits of the Scheme and not having been responsible for the preparation of this document and not offering any opinion on the fairness or merits of the Scheme, which are matters for the judgement of shareholders of the Merging Fund, it consents to the references made to it in this document in the form and context in which those references appear.
FCA	The FCA has been informed of the proposal contained in this document and has confirmed by letter to the ACD that the Scheme, if adopted, will not affect the ongoing authorisation of the Receiving Fund.
Auditor	As independent auditor to BNY Mellon Investment Funds, Ernst & Young LLP has informed the ACD that, while expressing no opinion as to the merits of the Scheme and not having been responsible for the preparation of this document and not offering any opinion on the fairness or merits of the Scheme, which are matters for the judgement of shareholders of the Merging Fund, it consents to the references made to it in this document in the form and context in which those references appear and that in their opinion the method of calculation of the number of shares in the Receiving Fund to be issued to shareholders in the Merging Fund will produce the correct arithmetical result as regards shareholders in the Merging Fund and shareholders in the Receiving Fund.
UK tax clearances	<p>HMRC has given clearance by letter that the capital gains ‘no disposal’ rule will not be prevented from applying to the Scheme by virtue of the anti-avoidance restrictions. Accordingly, it is expected that the Scheme will not involve a disposal of shares in the Merging Fund for the purposes of tax on capital gains, and new shares in the Receiving Fund will have the same acquisition cost and acquisition date for capital gains tax purposes as the shares currently held by shareholders in the Merging Fund which they will replace.</p> <p>HMRC has also given clearance by letter that it will not serve a counteraction notice in respect of the Scheme pursuant to the transactions in securities rules.</p>
Documents for inspection	<p>Copies of the documents listed below are available for inspection during normal business hours, Monday to Friday (excluding bank holidays), at the offices of BNY Mellon Fund Managers Limited, BNY Mellon Centre, 160 Queen Victoria Street, London, EC4V 4LA until the date of the shareholder meeting (or the date of any adjourned meeting). Procedure for the shareholder meeting

A notice convening a shareholder meeting, including the terms of the Extraordinary Resolution to be proposed at that meeting, is set out on page 26. To pass, the Extraordinary Resolution must be carried by a majority in favour of at least 75% of the total number of votes cast at the meeting.

ACD	<p>The ACD is not entitled to be counted in the quorum of, or to vote at, the meeting (or any adjourned meeting), except in respect of any shares which it holds on behalf of or jointly with another person who, if that other person were the registered shareholder, would be entitled to vote and from whom the ACD has received voting instructions.</p> <p>Associates of the ACD are entitled to be counted in the quorum, but may only vote in the same circumstances as the ACD (that is, if they hold shares on behalf of or jointly with another person who, if that other person were the registered shareholder, would be entitled to vote and from whom they have received voting instructions).</p>
Chair	The Depositary has appointed a representative of the ACD to chair the meeting (and any adjourned meeting).

The voting rights attaching to each share are proportional to the price of all shares in issue on that date that is seven days before the date of this circular. A shareholder entitled to more than one vote on a poll need not use all its votes or cast all the votes in the same way.</p>
