

BNY Mellon Wins Three Asian 'Best of the Best' Awards

BNY Mellon and Insight Investment (Insight), an affiliated investment manager of BNY Mellon Investment Management, are honored to have won three awards from Asia Asset Management's (AAM) '2019 Best of the Best Awards'. Now in their 16th year, AAM's prestigious awards recognize the most innovative and prominent players in Asia's pension and fund management industry. AAM was the first trade journal in the Asia-Pacific region to cater to the needs of asset managers, pension funds and institutional investors.

For the second year in a row, BNY Mellon's Asset Servicing business won AAM's 'Best Client Servicing Award'. Meanwhile, in the Investment Performance category, Insight won two awards for the US Credit - Investment Grade (three years) and US Credit - Investment Grade (10 years) – two years in a row for the latter.

"We are delighted to be recognized for two consecutive years, and this is a great testament to our teams in Asia and our global operating model," said Rohan Singh, Head of Asset Servicing, Asia Pacific at BNY Mellon. "As the investment landscape continues to evolve, and as our clients continue to strive for performance and operational alpha, the need for high quality support and guidance becomes ever critical. Our clients remain at the center of everything we do, and we are honored that our work has been recognized by Asia Asset Management."

Doni Shamsuddin, Head of Asia Pacific ex Japan at BNY Mellon Investment Management said: "The awards won by Insight Investment showcase the appeal of our specialist investment manager model offering access to best in class investment strategies, backed by the stability of the oldest bank in the United States. These achievements also speak to the importance of consistent, long term investment performance for our clients in Asia Pacific.

The awards were presented at the 16th Asia Asset Management Annual Awards Dinner on Thursday, March 28, 2019 at the Four Seasons Hotel in Hong Kong.
